

Worship at Home

**Matthew 25: 40**

When we treat others kindly, we are treating Jesus kindly. Being kind and helpful to others is a way of worshipping at home!

Jesus asks us to recognise him in everyone. If part of worship is about following what Jesus asks us to do and being kind to people around us, we can carry on worshipping God in this way, whether we're at home or in church!

Saying thank you - colouring in!

Time for a chat

**Talk:** Discuss with family or friends what it means to worship at home. We can pray and read the Bible at home, but there's more we can do! What things have you done at home that you think could be called worship? Do you think it is in the things you have done which have been kind, caring and thankful?

**Do:** Have a think about some of the ways you can worship at home this week! Maybe it's helping doing the washing up, or hanging out the washing. Maybe its saying thank you for a lovely meal. Perhaps it's about asking someone if they're okay and listening carefully to what they say?

**Pray:** Ask Jesus to help you find ways of worshipping at home by treating others as kindly as you would treat him.
